**THE PASTURE BOOK AND THE LIVESTOCK BOOK**
These valuable books were written by W. R. Thompson, Extension Pasture Specialist, State College, Miss. He is a real authority on building good pastures and on livestock. Mr. Thompson is in much demand as a speaker before agricultural groups. His books give much useful information and pictures. The Pasture Book has been so popular that there have been 16 editions since 1949. The Livestock Book came out recently. Every farmer should have these books. Order from us today. Each book costs $3.50. Postpaid Price (plus 11c Sales Tax in Ala.) $3.50

COASTAL BERMUDA GRASS

Coastal proved its superiority for grazing and hay during the severe 1954 drought. Ask for sheet giving general information and planting and fertilizing recommendations. Propagated by stolons and sprigs and not seed. Use 4,000 to 6,000 per acre. Can be set out any time when moisture is plentiful or irrigation is available except freezing weather. Our present grower has gotten better results from plantings from July-October than March-April when the crop is young. We were the first to introduce Coastal Bermuda in Alabama. Ask for information and prices.
